AMPARO RULING REGARDING CNBV'S CORRECTIVE MEASURES OFFICIAL COMMUNICATIONS

Mexico City, February 22, 2024. In connection with the relevant events dated February 25, 2021, April 9, 2021, April 12, 2021, April 12, 2023, June 1, 2023, August 25, 2023, August 29, 2023, December 14, 2023 and January 26, 2024, by means of which Aleatica, S.A.B. de C.V. ("Aleatica" or the "Company") (BMV: "ALEATIC") informed the market about matters related to the corrective measures ordered by the National Banking and Securities Commission (the "CNBV") to the Company and to the group companies: Organización de Proyectos de Infraestructura, S.A.P.I. de C.V. and Concesionaria Mexiquense, S.A. de C.V. through the official communications dated February 24, 2021 (the "Communications"), the filing of federal contentious administrative proceedings (the "Annulment Proceedings") against the Communications and the status of the ongoing judicial proceedings in connection with the Communications, the Company informs:

As it had been previously communicated, by ruling dated December 7, 2022, issued in the Annulment Proceeding filed by Aleatica, the Communication addressed to Aleatica was declared null and void; nonetheless, in order to obtain a broader annulment of the Communication, that covered the substance of the matters at hand, Aleatica filed an *amparo directo*.

Today Aleatica was notified of the favorable ruling issued in the referred *amparo directo* proceeding which grants Aleatica the requested *amparo*.

In its ruling, the Collegiate Tribunal resolved the substance of the matter and ordered the issuance of a new ruling in the Annulment Proceeding by which the CNBV is instructed to issue a new communication in which, considering that the recovery right included in the concession title is unconditional, among other things, declares that Aleatica cleared the corresponding observations and, thus, abstains from imposing corrective actions or measures.

In this regard, the Company highlights that the compliance of the *amparo* ruling by the involved authorities is still pending.

About Aleatica, S.A.B. de C.V.

Aleatica, S.A.B. de C.V. is positioned as a relevant transport infrastructure operator in the industry within the metropolitan area of Mexico City, both for the number of concessions awarded and the miles of highways under management. Currently, Aleatica, S.A.B. de C.V. builds, manages, operates and maintains 7 toll roads and one airport. The highway and related infrastructure concessions are located in urban areas with high vehicular traffic in Mexico City, the State of Mexico and the State of Puebla.
